

APPLICATION FORM - FOSTERING RESEARCH PARTNERSHIPS FUND

Please submit completed FRPF applications on the [SPARC application submission page](#). Refer to the application instructions for information about the competition and additional required components.

| Identification (UBC Applicant) |            |               |
|--------------------------------|------------|---------------|
| Last Name                      | First Name | Academic Rank |
| Faculty                        | Department |               |
| Project Title                  |            |               |
|                                |            |               |

| General Question or Challenge to be Addressed (max 300 words) |
|---|
|   |

**Engagement Activity Plan (max 300 words)**

Describe, in as much detail as possible, the nature of the engagement activity. Include information such as who will be involved in the planning, who will attend, the location of the event, and the format of the event. Explain why this approach is appropriate in the context of your potential collaboration.

**Projected Timeline (max 150 words)**

Articulate the projected timeline for the engagement activity. At a minimum, **timelines must include:**

- engagement activity dates (including travel plans, if applicable)
- a meeting with SPARC before or during the engagement activities
- deadlines for relevant funding applications that may grow from the engagement

Ideally, timelines will also indicate plans for outreach before and after the engagement activities.

**Statement of New Research Direction (max 150 words)**

Explain how this grant is different in approach from the applicant's previous and current research. For instance, will this grant enable engagement with a new partner organization? Will it help develop a new method to address the articulated question or challenge?

**Current and Pending Grants**

Please list any grants currently funded or under review.
